Tree Lighting
Gov. Fitch Park
6:00 p.m.

Christmas Tree Lighting Scheduled for December 4th.

Traditionally the best attended and most enjoyed event the Third Taxing District sponsors for the public. Come join your friends and neighbors to welcome in the Holiday Season.

The Third Taxing District's Annual Christmas Tree Lighting will take place this year on Sunday, December 4th, 2005 at 6:00 p.m. in the Governor Fitch Park in East Norwalk.

Hot chocolate and hot apple cider will be served compliments of the East Norwalk Business Association. Brownies, cookies, and munchies are provided compliments of the Marvin School PTO.

The Deja Vu musical group will provide musical selections appropriate for the season including sing-a-long Christmas Carols.

The grand finale is the arrival of Santa Claus on a fire truck from the East Norwalk Firehouse on Van Zant Street. Santa will have Christmas greetings and candy canes for all.

Upcoming Events

Nov. 11th - 9:30 a.m. - Veteran's Ceremonies at Norwalk City Hall - The names of 61 Service People will be added to the Commemorative Plaques. Some names are from East Norwalk.

Business of the Month

Building on the store's 20 year tradition of serving Connecticut and New York residents, Westport Outfitters, under the new ownership of Eric C. Johnson, will be expanding to offer a broader array of products and services.

Housed in the old Arcade building next to the Miniature Golf Course at Calf Pasture Beach, Westport Outfitters will now offer individual and group instruction in fly fishing, casting, and fly tying.

"We offer everything from professional boat sales and service, local and remote chartering offerings, plus a wide variety of tackle, rods, reels, lures and educational material - everything under the sun for the recreational angler and boater's carefree enjoyment" says Johnson.

Eric, who has always had a love of boats and the sea, worked for some time as a SCUBA professional and skipper transporting boats in the West Indies. For the past eight years he has worked in New York and Stamford as an Assistant VP of Product Marketing for several well known firms such as

Citigroup, Skandia, and Prudential Financial.

With the sound of the ocean and the smell of the sea always just a dream away, Eric brings his aquatic love to the hometown atmosphere that pervades the premises. The cozy wicker chairs are not just props. Come in and shop, sit down and talk. Bring your favorite fish story with you because as sure as you get comfortable Eric is going to show you his picture with his trophy 10lb. brown trout.

Born and raised in Essex Connecticut, Eric could have located his dream business anywhere along the coast of Long Island Sound, but as soon as he saw Calf Pasture Beach and had a chance to meet the people of East Norwalk, he knew that this is where he wanted to be.

Looking for something in your holiday shopping list for that hard to please person? Westport Outfitters will be open through the holidays offering all sorts of gifts for the angler or boater in your family, including gift certificates for a host of products and services.

Westport Outfitters

Located at 44 Calf Pasture Beach Road, Westport Outfitters Boats and Tackle is under the new management of Eric Johnson since June 2005.

Energy Star Lighting Catalog

Look for your personal copy of the Energy Star Lighting Catalog, which we will mail to you soon. We are all facing very high energy prices. The best way for you as individuals to combat these high prices is to conserve. The best and painless way to conserve electric energy is through replacement lighting. By converting your lighting fixtures from incandescent to fluorescent lights you

will save both energy and money.

We at TTD are doing everything possible to save on the supply side of your electricity, now we want to help you to save on the demand side. In the coming months we will be aggressively working with you, our customers, to help you save energy and thereby save money on your electric bills.

Last summer we gave free replace-

- When shopping for a new refrigerator, look for a model with automatic moisture control. These models will prevent moisture accumulation on the cabinet exterior without the use of an "anti-sweat" heater, which consumes 5% to 10% more energy.

ment fluorescent light bulbs to our customers at our business office. Later this month we will mail the Lighting Catalog to each customer. This catalog has 31 pages of energy saving lights and fixtures that you may order at discount prices. Stay tuned for more energy saving programs to follow. Together we can fight back against high energy costs.
